

Empowering Women Beyond Breast Cancer

About Us

Founded by breast cancer survivor and fashion stylist Lydia Dean-Reese, **More Than Conquerors** is a 501(c)(3). Our mission is to ensure men and women know they don't have to look like what they're going through. We provide patients, survivors and their caregivers with education, encouragement, empowerment, and styling support that restores confidence, dignity, and hope during and after treatment. We offer care packages, emotional and spiritual support. We also hold events that honor survivors and support current patients.

Why Partner with Us?

- Support breast cancer survivors directly in your community
- Align your brand with empowerment, resilience, and hope
- Gain recognition at events, on social media, and in community outreach
- Make a lasting impact on women's lives beyond diagnosis and treatment
